**Class Title:** Mastering High Dynamic Range (HDR) Workshop

**Date(s):** 2 nights: Tues & Thurs, Aug 24 & 26    **Time:** 6:00 to 9:00, each night    **Cost:** \$99

**Description:** Join Steve for this exciting, hands-on class! Everyone is talking about HDR and now you can learn it too! HDR or “high dynamic range” lets us photograph scenes formerly impossible to capture in a single image. If you have ever photographed a high contrast scene, you know that even the best exposure will typically have blown out highlights and dark shadows. As usual, Steve will demystify the process and have you producing jaw-dropping results! Scenes you would not have even tried to photograph now become routine. Output can be adjusted for realistic or exaggerated color. You will learn everything you need to know from RAW capture to software processing. If you are ready to take your photography to a higher, more creative level, you will love this class. This is cool stuff...sign up soon.
