Class Title: Using Your Digital SLR Camera

Date(s): June 5

Time: 9:00 to 4:00

Cost: \$99

Description: Join Steve Traudt for an exciting, hands-on photography class featuring Steve's popular 3 part approach to put YOU in control of your camera. First, Steve presents programs covering such topics as composition; histograms and exposure; depth of field; shutter speeds; lenses and more. Next, we venture outside with our cameras and practice our techniques as we explore the subjects around downtown. Finally, we will download and review our images. This synergistic approach to learning will propel your photography to the next level as you gain understanding and control of your camera. The class is open to all brands of digital SLR cameras (not recommended for point & shoot, compact type cameras). Bring your camera, lens or lenses and instruction book. Make sure your battery is fully charged. If you have a laptop computer bring it along too. Steve will be assisted by Dick Colby to provide plenty of personal attention. Don't miss this chance to study with a professional photographer.
